WIT AND HUMOR.
A person having applied to the Re-
minder to be examined, the latter asked, "could
you not have my change to the grand jury
list?" "Yes, I would every word of it,"
was the reply, "but couldn't make any
sense of it."

SENATOR DOUGLAS AND THE RIGHTS OF NATURALIZED CITIZENS.—A gentleman of this city, says the Cincinnati Times, inquires the position of the Illinois Senator is regarded to the duty of our government to protect naturalized citizens traveling in European countries. We can assure our correspondent from the words of Mr. Douglas himself, that he is distinctly opposed to the doctrine enunciated in the letter of Gen. Case; that he is in favor of protecting in every land, the adopted as well as the citizen. In support of his opinions, he instanced several remarkable cases in which the most powerful nations of Europe have asserted and recognized among themselves the absolute right of expatriation.

EARLY BARLEY HARVEST.—The Rochester Daily Union states that John Park, of Gates, Monroe Co., commenced the harvest of his winter barley day before yesterday morning. He has shown the Editor of the Union a sample which is very fine, and he informs us that the yield will be a good one.

The steamer Gen. Lambert, bound up the Missouri with a valuable cargo, took fire four miles above St. Louis last night and was burned to the water's edge. The boat and cargo were a total loss. The boat was valued at \$25,000 and was insured for \$15,000. The cargo was insured. No lives lost.

Mrs. Emma Lodge has been arrested in Brooklyn on a charge of malpractice in causing the death of Mrs. Kenny, at No. 14 Rapelyea street. The case will be investigated.

A Washington dispatch says that under instructions of Secretary Cobb, Mr. Guthrie, the agent of the Treasury Department has investigated the expenditures of the New York Custom House, and recommends the dismissal of 200 incumbents as superfluous. The proposed changes are intended to be made on the 1st of July.

Blondin passes the chasm to-morrow, between four of five o'clock P. M., or perish in the attempt. The Maid of the Mist is to take position underneath the rope and serve Moss Blondin with what beverages he desires during the performance.

The receipts of the Treasury last week were one million two hundred thousand dollars. The balance on hand subject to draft is three millions and forty-six thousand.

DURHAM'S ACCIDENT.—Friday, a widow lady named Robertson, living with her brother Richard Lester, four miles north in Rockville, Ill., was accidentally shot with a rifle ball which struck her in or under her left shoulder. A physician was called, but the ball could not be found; the patient suffered extremely, and fainted away several times. The gun was discharged by a neighbor, who had just stepped out of his door yard and fired at a bird sitting on a fence in range with the house. What adds to the severity of this affliction, is the fact that Mrs. Robertson's husband was killed in Michigan last winter, by the falling of a tree, leaving five young children, and yet further increased by the circumstances that she was shortly to become a mother. Mrs. Robertson was preparing to move into Rockville on the day following the accident.

The Niagara Falls Gazette says a gentleman from La Salle, France was relieved of twenty dollars by the "ball game" on Monday last. He was promiscuously around promiscuously through the Ferry ground, where a pair of "gentlemen" made his acquaintance and soon prevailed on him to loan them \$40, taking a \$200 check for security. Before parting with his new made friends it seems he began to doubt and his doubts rapidly became so strong that he called one of the fellows and found him to disprove his half of the profits of the speculation. In the meantime the thief disappeared.

There was a terrible hail storm at Hudson, Ohio, on the 24th, which destroyed 12,000 pieces of glass. The College building looks like a ruin. The crops and fruit were badly damaged.

GRAND COURT and Court of Oyer and Terminer, held at Batavia, Monday 27th day of June, 1890.

The Town of Batavia vs. M. G. Super. Jury found verdict in favor of P. H. of \$341.50.

Hammond Sawing vs. Jas. B. Tucker. On motion of F. Fouchingham, Atty for P. H. ordered trial.

The Hingham, Mass., Journal records the recent demise of Mr. Daniel Cortbell of that town, who had for some time past a living snake in his stomach. Several attempts were made to eject the reptile by different methods, which proved unavailing, until at last boiled milk was resorted to, the steam of which, as it entered the mouth of Mr. Cortbell started the snake up into his throat, where it stuck fast, and before it could be removed Mr. Cortbell choked to death. It is supposed that Mr. Cortbell swallowed the snake when it was quite small, while drinking.

MAPLE SUGAR IN VERMONT.—The Vermont papers state that the tanner belongs to Harwick for making the most maple sugar this season. That town made 220,000 pounds. Orleans county boasts of fifteen farmers that have made 15,000 pounds. Harwick has 26 farmers that have made 75,000 pounds, and two farmers in the same town have made 14,000 pounds.

A SINGULAR CASE OF LARCENY.—It has trumpeted of late that some villains in the western part of the city, at what is called the Burt Farm, practice a singular larceny. Several of the residents in that vicinity have awoke in the morning, and finding their calves, commenced a search over their premises, found their carcasses directed to the skin. The thieves have caught the calves and killed them for the only purpose of securing their hides. At length evidence was attached to a man named Flynn, and Mr. Augustus Vadney, who had suffered the loss of one or more calves, had him arrested Saturday. Flynn denies the charge.—*At. Stat.*

About half past six o'clock yesterday morning, James Tookill and some other persons employed in the Clinton Foundry, says the Troy Times, while going to work found in the Potomac, in the year of that establishment, the body of a woman lying face downward in water not sufficiently deep to immerse her.

A few evenings since, in the village of Binghamton, a member of one of the engine companies made up his mind to enjoy a little domestic felicity, and accordingly got married. After he had retired to the bridal chamber for the night, a number of the boys dragged their machines to a convenient position, set the beams going with a will, and directed the stream against the young man's window with such force that the glass was swept away by the flood, and a magnificent shower bath fell upon his head. After giving their companion a pair of wet blankets, the jolly extinguishers decamped.

The Connecticut Senate have passed a bill providing for a Convention to frame a new Constitution for the State. The bill provides for submitting the question October 3, 1890, and if the vote is in favor, the Convention shall be held in Hartford January 2, 1890. If a majority favor the new constitution, it is to go into operation on the 4th day of July, 1890. It remains to be seen how the bill will fare in the House.

Thursday, the engineer of a train on the Oswego Road saw an object lying on the track, but too late to stop the train. The cars passed by, and the engineer saw the object was a man, who rolled down the embankment as though he was dead.—The train was stopped, and the man jumping up said: "You had better keep your d—d cars off from me!"

In the village of Waterford, Racine Co., Wis., a few days since, several ladies got together, and tarred and feathered a cyprus for—*for* something or other in which their husbands had been engaged. A suit has been brought by the tarred woman for damages, as the suit she got from the ladies did not suit her.

As a Mr. Taylor, a man of sixty-eight years, was engaged in hauling gravel on Ceneater street, Hornellville, N. Y., on Monday last, his horse became frightened at an engine on the Erie Railroad, and Mr. T. getting tangled in the lines which he had thrown over his neck in order to restrain them, was dragged full half a mile over the stones, by which means the back part of his head was entirely torn off, and his hands and face terribly mangled. He had ceased to breathe ere the train was stopped.

The average expense per annum to the members of the different denominations throughout the United States, for the support of their different church services, is estimated to be about as follows: A Baptist and Methodist about \$2.40; a Presbyterian, \$7; a Congregationalist, \$10; a Roman Catholic, \$12; an Episcopalian, \$15; a Reformed Dutch, \$27; a Unitarian, \$21.

NEWS SUMMARY

Henry Lee, an inmate of the Althaus (V.) Poor House, 70 years old, escaped with Miss Cynthia Pilgr, a maiden of 22. The fugitives were not pursued.

Private letters received at New York by the California mail report the death of M. Bally, the famous Frenchman whose canal scheme on the Isthmus have caused some commotion.

An inhospitable Asylum is about to be started at Cleveland, under the charge of Dr. Soelys. He goes to Europe to visit and inspect similar institutions there.

The Washington official organ contradicts the statement that Walker and Buchanan have become reconciled. Any statement of that character is absurd, for while Buchanan has lost tens of thousands of friends since his election, we have to hear of the first one he has regained.

The telegraph announces that a Boston artist has just completed a bust of Mr. Buchanan. The job was a needless one. The President long ago made a more complete "bust" than anybody else can.

The manufactory of Avery Babbitt, in Auburn, was struck by lightning on Friday evening, and set on fire. Before it was subdued the damage done amounted to over \$9,000. Insured only \$2,000.

The Municipal election in Norfolk, Va., on Friday resulted in the election for Mayor of Ferguson, Opposition, by two majority over Lamb, Democrat, and present incumbent. The election will probably be contested.

At the burning of a dwelling house on Plymouth street, Brooklyn Monday evening—James McGinnis and Daniel O'cott were suffocated to death. A child was rescued in an insensible state. A fireman fell from a ladder and was fatally injured.

The train from Philadelphia on the evening of the 24th, from Baltimore was thrown from the track near that city, killing the engineer, R. R. McCloy, and injuring two other men belonging to the train. No passenger was injured.

A very extensive burglary was committed on the premises of Horton & Lewis corner of West and Clarkson streets New York, on Friday night last, and notes, drafts, etc., to the value of \$17,000 taken from the safe which was forced open by means of a cold chisel and sledge hammer.

A dispatch from Texas says the Supreme Court of that State has reversed the decision of the lower Court on the Southern Pacific Railroad.

An English missionary, now in the States, lately wrote home that he "had the melancholy satisfaction of examining the oven in which his predecessor was cooked."

A poor servant girl in New York committed suicide the other day because she supposed she was encircled. A post mortem examination proved that her fears were groundless.

The preliminaries have been arranged for a prize fight in Canada between Australian Kelley of New York and Edward Price of Boston, for \$1,000.

About eight hundred hens have recently been stolen from Durham, Westport, Fall River, and vicinity. The rogues deserve to be tarred and then covered with the feathers of all the hens they have stolen.

A prize fight for \$200 a side, came off at Louisville, Ky., yesterday between Johnny McCoolley and Dublin Tricks. The latter was whipped in 30 rounds. The fight lasted 1 hour and 10 minutes.

The first newspaper established in North America was issued in Boston in 1689. The oldest existing newspaper in Massachusetts is now published in Worcester, established in 1770.

Sequestrated.—The well-known Banking House of Whitman, Standen & Co., of this city, owing to the collection in their hands of a large amount of suspended paper, were compelled to-day to suspend payment. We are informed that they paid all their depositors, and think the assets in their hands will be sufficient to meet all their liabilities.—*Cleveland Plaindealer.*

The San Diego Herald says that Gen. William Walker has resigned his command, and that he intends to unite his destinies with a lady of Lower California, who once saved his life. She is said to be abundantly rich, but objected to the alliance in consequence of a difference of religion. That has been obtained by the ceremony at Mobile.

Independent Engine Co. No. 1, of Dayton, Ohio, recently drew water through 5000 feet of suction, forced through five hundred feet of hose and drove water 200 feet high, through an inch nozzle. She is a Jetter's make and on this occasion was manned by 24 men.

Having greatly increased their facilities for manufacturing their celebrated FAMILY SEWING MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE, PRICE \$20.

It is no longer questioned that these machines are the best in use for family sewing. They

SEW, FEEL, GATHER, AND SEW

in the most superior manner, and are the only machines in the market that sew so well and simply made, that they may be used with facility with an either right-handed or left-handed person, and which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE,

and will do the sewing of a family cheaper than a commoner one do it, even if she worked the rate of

ONE CENT AN HOUR.

In these a husband, father, or brother in the United States, who will purchase the Sewing Machine, will do it better, more rapidly, and cheaper than you possibly be able to find?
